SunRice Pre-Delivery Declaration 2025-26 Crop

Farm Delivery ID cards will not be issued until receipt of this declaration.

NOTE: The Pre-Delivery Declaration can be completed on the **Grower Portal - growers.sunrice.com.au**

Go to - Forms and Grower Details, Harvest, Pre-Harvest Declaration. Your Delivery Cards can also be printed in this section of the portal.

A copy of the **CY26 Growers' Handbook** is available on the SunRice website or by clicking here: CY26 Growers' Handbook

Please return the completed and signed form to **growerservices@sunrice.com.au**.

Delivery Name: .....

Farm Number/s: .....

("I"/ "my"/ "me") I hereby declare that by ticking the boxes below and signing and dating this document, the following matters to be true:

1. NSW Grain Harvest Management Scheme

☐ I have read the information about the NSW Grain Harvest Management Scheme (the "Scheme") and how it is implemented by Ricegrowers Limited trading as SunRice (ABN: 55 007 481 156) ("SunRice") and Australian Grain Storage Pty Ltd (ABN: 46 000 333 648) ("AGS"). Scheme information is available in section 9.11 of the CY26 Growers' Handbook and via SunRice Grower Portal growers.sunrice.com.au/#/

☐ I understand my responsibilities under the Scheme and will ensure that any transport contractors I engage to deliver rice to SunRice also understand their responsibilities under the Scheme and how SunRice and AGS are implementing the Scheme.

☐ I understand that I am responsible for ensuring all deliveries of rice made by me or on my behalf must be compliant with the Scheme mass limit (as defined under the Scheme). I am responsible for ensuring that any and all transport contractors I may engage to deliver rice comply with this requirement.

☐ I understand that neither SunRice nor I am permitted to derive any commercial benefit from grain that is skimmed under the Scheme and authorise SunRice to implement the skimming arrangements. I agree that in implementing the skimming arrangements, SunRice will net-off the value of the skimmed grain when making the paddy payment to the grower and donate that amount converted to finished product (or in-kind value of the skimmed grain) to Foodbank Australia.

2. Pure Seed and New Season Crop

☐ All rice grown by me during the 2025/26 crop year (being the period 1 September 2025 to 30 June 2026) ("2025/26 Crop Year") was produced from seed supplied by or approved by SunRice under SunRice's Pure Seed Program.

☐ The rice I deliver to SunRice in the 2025/26 Crop Year will be new season rice crop grown on farmland controlled by me in the 2025/26 Crop Year.

3. Agricultural Chemicals

☐ Any agricultural chemicals applied or to be applied to rice grown during the 2025/26 Crop Year, that I have or will harvest and deliver to SunRice, are **registered for use on rice** and have been used in accordance with label directions.

☐ Records of agricultural chemical applications have been kept in an approved format either on-farm or by an agricultural chemical service provider.

4. Harvest Machinery Maintenance, Operation and Hygiene

SunRice is committed to an Australian rice industry that will remain free from genetically modified (GM) varieties. Measures must be taken to prevent cross contamination from previously planted GM crops and other plants.

- ☐ I have read and will apply the Food Safety Guidelines provided by SunRice in section 10.4 of the CY26 Growers' Handbook and understand the importance of protecting the industry with contaminant free product. I will discuss these issues with all employees and contractors involved in the harvest operation.
- ☐ I have read and will apply the Harvest Equipment Cleaning Procedures provided by SunRice in section 10.5 of the CY26 Growers' Handbook. I will ensure that any equipment used by my contractors is cleaned according to these procedures
- ☐ I have read the Safety Health & Environment AGS Growers/Contractors Induction for Receivals document and will abide by the stated conditions. I understand all truck drivers will have to read and sign the document when they make their initial delivery and abide by the stated conditions.
- ☐ I undertake to inspect before harvest, all trucks, headers, augers and field and truck bins that will be used to ensure they are in sound mechanical condition. I will ensure that these are sufficiently cleaned to ensure they are **free of any foreign grain** or other contaminants such as metal objects, fertiliser, glass and gravel.
- ☐ I undertake to wash out trucks, augers, field and truck bins that have transported **fungicide treated fertiliser** before handling paddy.
- ☐ I undertake to wash out trucks, augers, field and truck bins that have been in northern NSW at a truck wash facility before handling paddy and delivering to the depot.
- ☐ I undertake to inspect the area in proximity to the rice crop harvest and delivery equipment to ensure there are no potential contaminants such as foreign grains, metal, glass or loose gravel that could contaminate paddy.
- ☐ I undertake to ensure that all mirrors, headlights and other glass items attached to machinery used for harvest and delivery are sound and undamaged.
- ☐ I undertake to inspect all overhead light fittings in sheds where harvest equipment is stored to ensure they are sound and that they will not contaminate harvest equipment in the event overhead light fittings are damaged.
- ☐ I acknowledge that a range of regulator-approved resources have been made available at https://www.sunrice.com.au/documents-for-rice-growers to assist me in managing my various Chain of Responsibility (CoR) obligations, including a link to an approved CoR self-assessment. I understand that I can direct CoR questions to the National Heavy Vehicle Regulator (1300 696 487) for any further clarification or assistance required.
- ☐ I undertake to ensure all truck drivers that deliver rice from the above farms are aware of their statutory responsibility under CoR legislation including to abide by legal load limits that are set out in the Scheme and their responsibilities in relation to speed compliance, fatigue management and vehicle safety standards.

Terms and Conditions

- ☐ I acknowledge that as a condition of supplying to SunRice, I am required, and have agreed, to comply with SunRice's Supplier Sustainability Code (available at https://www.sunrice.com.au/suppliersustainabilitycode) and SunRice's Supplier Sustainability Program (being SunRice's program of engagement with its supply chain partners in relation to the environmental, social and ethical business performance of its supply chain).

☐ I acknowledge that the rice I deliver to SunRice is governed by the terms and conditions set out in the "Fixed Price Rice Purchase Contract Offer and Confirmation".

☐ I acknowledge that if I deliver paddy to SunRice after **15 June 2026,** SunRice may deduct a "Late Delivery Fee" for managing receival, storage and appraisal of late paddy. Details of the Late Delivery Fee are set out in Section 9.6 of the CY26 Growers' Handbook and clause 4.6 of the Fixed Price Rice Purchase Contract Offer and Confirmation.
