

CY27 Contract Offer

1. Fixed Price (Hectare) Contract Offer

What do you need to know?

- Matilda (V071) contracts are priced at **$500/t based on a quality score of 8.5**, while Koshi specialty variety contracts are priced at **$700/t (capped at 2,000 tonnes) based on a quality score of 7.5** and Opus specialty variety contracts are priced at **$550/t (capped at 2,500 tonnes) based on a quality score of 7.5**.
  Note: in CY26 the average quality scores were Matilda 9.4, Koshi 8.9 and Opus 9.5.
- SunRice reserves the right to close the contract offer at its discretion.
- The wash-out clause remains unchanged. However, for Matilda (V071) contracts, growers who reduce their contracted hectares or opt out entirely by 15 December 2026 will not be subject to any wash-out obligations in respect of those cancelled hectares.
- For further information, please refer to the sections below regarding Quality Incentives, Opt-Out Period for Matilda (V071) Contracts, Trash Levels, Extended GrowRice Credit Facility and Early Contract Access.
- A sample Fixed Price (Hectare) Contract with the full Terms and Conditions will be available through the Grower Portal from Wednesday 26 August 2026. Alternatively, growers can contact Grower Services to request a copy.
- **The CY27 Contract Offer will be available on a first-come, first-served basis, opening on 19 August 2026 for CY26 growers and on 21 August 2026 for all other growers.**
- Once you're ready, you can apply through your Grower Portal or Grower Services. We're here to help.

2. Quality Incentives

What do you need to know?

- Quality incentives will remain in place in CY27 and will move to 0.1 increments following grower feedback.
- A premium or discount will apply for every 0.1-point variance from the base quality score and will be capped at 3.5 quality score points.
- In CY27, the quality score base for Koshi is being raised from 6.5 to 7.5.
- For CY27, the price payable per tonne is set out below and depends on the variety and the PaddyVision® Quality Score and is inclusive of the specialty variety premium.

Quality Score	Matilda	Koshi	Opus
9.9	$558.00	$800.00	$650.00
9.8	$554.00	$796.00	$646.00
9.7	$550.00	$792.00	$642.00
9.6	$546.00	$788.00	$638.00
9.5	$542.00	$784.00	$634.00

4.5	$332.00	$574.00	$424.00
4.4	$328.00	$570.00	$420.00
4.3	$324.00	$566.00	$416.00
4.2	$320.00	$562.00	$412.00
4.1	$316.00	$558.00	$408.00
4.0	$311.00	$553.00	$403.00
3.9	$307.00	$549.00	$399.00
3.8	$303.00	$545.00	$395.00
3.7	$299.00	$541.00	$391.00
3.6	$295.00	$537.00	$387.00
3.5	$290.00	$532.00	$382.00

3. Opt-Out Period (Matilda Only)

What do you need to know?

- A new Opt-Out Period will be introduced for Matilda (V071) contracts to give growers the chance to enter into contracts to secure and plant seed during the optimal planting window while retaining the option to reduce their contracted hectares or opt out entirely by 15 December 2026.
- To opt out of some or all contracted hectares, growers must notify Grower Services via email at growerservices@sunrice.com.au by 5pm on 15 December 2026.
- If a grower decides not to proceed with some or all of their contracted hectares, those cancelled hectares must be removed at the grower's expense and the grower will remain responsible for any costs already incurred, such as seed, fertiliser and water. Grower Services will inspect and verify that the crop has been removed.
- After 15 December 2026, growers who choose to continue with some or all of their contracted hectares will be required to supply paddy to SunRice in accordance with the contract, and the usual delivery requirements and wash-out obligations will apply.
- The Opt-Out Period is not available for the Koshi and Opus contracts.

4. Trash levels

What do you need to know?

- The trash payment system has been updated to reward growers who deliver lower levels of trash in CY27.
- Paddy delivered at 4.0% trash will attract no adjustment, with incentives applying below 4% and discounts applying above 4.0%.
- For each 0.1% above 4.0% trash, a discount of $0.50 will apply (equivalent to -$5.00/ 1% per tonne).
- For each 0.1% below 4.0% trash, an incentive of $0.50 will apply (equivalent to +$5.00/ 1% per tonne).

5. Extended GrowRice Credit Facility

What do you need to know?

- To help fund crop inputs, the GrowRice credit facility has been extended from $2,500 to $3,000 per hectare for approved growers. For Matilda (V071), GrowRice funding is only available for hectares that are not cancelled during the Opt-Out Period.
- GrowRice funding will now be provided via Westpac's Payment Plus facility. Under this model, growers will need to complete an online Know Your Customer (KYC) process.
- In preparation for funding becoming available in mid-August, please contact Grower Services who can assist you with onboarding.
- This competitive financing can help approved growers manage input costs, including water, fertiliser and pesticides, across your production season.
- Credit limits will be based on the hectares that are not cancelled during the Opt-Out Period.

6. Early Contract Access

What do you need to know?

- If you delivered paddy to SunRice in CY26, you'll have early access to contracts for all available varieties for a two-day period commencing on 19 August 2026, prior to contracts opening to all growers.
- If you grow in CY27, you will have priority access to CY28 contracts (after CY26 growers) and CY29 contracts. This means that you'll have the opportunity to enter into a Fixed-Price (Hectare) Contract before the contracts are made available to the broader growing community.

Future Incentive Payment

Growers who grew in CY26 and qualified for the Future Incentive Payment of **$40/t** will be paid at the time of harvest in the first normal production year (400,000 tonnes).
