NON-SUPPLYING GROWER
EXPRESSION OF INTEREST TO PURCHASE SEED FORM 2027/28

1. Please complete this Expression of Interest ("**EOI**") on or before 12 October 2026 if you wish to order one or more of the seed varieties set out in this form for delivery in September 2027.
2. By submitting this EOI to Ricegrowers Limited trading as SunRice ("**SunRice**", "**we**", "**our**", "**us**"), you are representing that you plan to offer to purchase the seeds nominated in this form subject to the terms of the Rice Seed Order Form for the 2027/28 season. The Rice Seed Order Form, which will include prices for seeds nominated under this EOI, will be issued in September 2027.
3. To confirm the EOI, a deposit of $150 per MT is required for each variety you nominate ("**Deposit**").
4. Upon receipt of the EOI, SunRice will issue you with an invoice for the Deposit which will be payable within 7 days of the date of invoice.
5. We will notify you on or before 30 November 2026 whether we expect to be able to meet your order and the amount that we expect to be able to fulfil. This is not a guarantee that we will be able to supply the seeds and our commitment is subject to these terms and the terms of the Rice Seed Order Form for the 2027/28 season.
6. To the extent that you:
   a. order the seeds nominated under this EOI in September 2027, the Deposit will be deducted from the amounts payable when your seed order is processed and confirmed by SunRice; or
   b. do not order the seeds nominated under this EOI in September 2027, and provided that we were ready, willing and able to fulfill that order, then we will be entitled to retain the Deposit.
7. If we are unable to fulfill the order for the seeds nominated under this EOI then we will provide you with as much notice as reasonably practicable and the Deposit will be promptly refunded to you in full in relation to the amount of seed we are unable to fulfill the order. We may be unable to fulfill the order if we are unable to produce sufficient seed due to any event outside SunRice's reasonable control (including, but not limited to, lack of availability of water in the growing season, pests, storms, floods, cold induced sterility, and other natural disasters as well as war, terrorism, the mobilisation of armed forces, civil commotion or riot, industrial action or labour disturbance, act of government or pandemic).
